Background

Canada Mortgage and Housing Corporation (CMHC) was established as a Crown corporation in January 1946, by an Act of Parliament. CMHC derives its authority from the *Canada Mortgage and Housing Corporation Act*, the *National Housing Act* and is also governed by the *Financial Administration Act*. As a Crown corporation, CMHC reports to Parliament through the Minister of Families, Children and Social Development. Its affairs are managed by a Board of Directors comprised of the Chairperson, the President and Chief Executive Officer, and eight other directors all appointed by the Minister with Governor in Council approval.

Responsibilities

At CMHC, we believe that everyone in Canada deserves a home that they can afford and that meets their needs. As Canada’s authority on housing, CMHC contributes to the stability of the housing market and financial system, provides support for Canadians in housing need, and offers objective housing research and advice to Canadian governments, consumers and the housing industry. Significant federal investments in assisted housing and strong oversight of Canada’s housing system have led to Canada being recognized as a country with one of the best housing systems in the world. CMHC delivers on its mandate to facilitate access and to contribute to financial stability through four business activities - Market Analysis and Research, Assisted Housing, Mortgage Loan Insurance, and Securitization - all of which are supported by its infrastructure of people and processes.

CMHC’s actions are guided by the principles of public accountability and transparency and a strong focus on continuous improvement and renewal. Evidence of prudent risk management, specifically with respect to CMHC’s commercial activities, is made public through the Annual Report, Quarterly Financial Statements, Corporate Plan Summary and Web site.
Institutional Functions, Programs and Activities

ASSISTED HOUSING PROGRAMS

Assisted Housing programs and activities help Canadians in need to access affordable, sound and suitable housing. A number of these programs are delivered and administered by provinces and territories under various agreements.

The majority of programs and activities relate to the federal funding provided for existing social housing units developed off-reserve between 1945 and 1993, under long-term operating agreements, with various terms and conditions. Social Housing programs funded include Public Housing, Non-Profit Housing, Rent Supplement, Rural and Native Housing and Co-operative Housing. Financial assistance is provided to individuals and groups, primarily under long-term agreements, which helps to provide suitable, adequate and affordable housing to low- and moderate-income Canadians. This includes funding provided to provinces/territories under Social Housing Agreements, where CMHC transferred the administration of the federally-funded housing. Approximately 80% of the existing social housing portfolio is under provincial/territorial administration.

CONTRACTUAL COMMITMENTS UNDER F-P/T SOCIAL HOUSING AGREEMENTS: This activity relates to payments made to provinces and territories under existing Social Housing Agreements (SHA). The Government of Canada announced in the 1996 Budget that it would offer provinces and territories the opportunity to take over the ongoing administration of the existing off-reserve federally-funded social housing portfolio. Provinces and territories signing an SHA with the Government of Canada are subject to an accountability framework that ensures that targeted federal subsidies are used for housing low-income households. CMHC has signed agreements with all provinces and territories except Quebec and Prince Edward Island.
