

GOVERNMENT OF CANADA
AGREEMENT FOR A SHARED EQUITY MORTGAGE
AND
BORROWING DISCLOSURE STATEMENT

This Agreement is made pursuant to section 57 of the *National Housing Act* and sets out the terms and conditions on which Canada Mortgage and Housing Corporation, in its capacity as Program Administrator of the First-Time Home Buyer Incentive program (“**Program Administrator**”), will advance to you, as the Homeowner, a portion of the Original Home Value for your new Property (the “**Incentive**”).

In exchange for providing this assistance through the First-Time Home Buyer Incentive program, you agree that the Program Administrator will be entitled to share in a percentage of the Market Value of the Property at the time of repayment equal to the percentage of the Original Home Value used to determine the Incentive. Examples of this are shown in the Schedule attached hereto.

This Agreement also sets out important information relating to the cost of borrowing associated with the First-Time Home Buyer Incentive program.

Capitalized terms between quotations and in bold font and those used as headings in the table have the meaning set out where each such capitalized term is first used.

The parties have agreed that this Agreement and all documents related thereto will be drafted in the English language. Les parties aux présentes ont convenu que cette convention et tous les documents qui s’y rapportent soient rédigés en langue anglaise.

SCHEDULE¹

REPAYMENT DETAILS AND EXAMPLES

What are the terms of repayment?

- (a) If:
- (i) the Homeowner sells the Property, or
 - (ii) the Homeowner wishes to repay the Incentive, in full, or
 - (iii) the Homeowner defaults under the terms of the loan document or mortgage or charge or any other documentation entered into in respect thereof, or
 - (iv) 25 years have passed since the date the Incentive was advanced to the Homeowner,
- then the Homeowner **must pay to the Program Administrator an amount equal to the Incentive PLUS the Shared Equity Amount, PLUS the registration costs of discharging the Shared Equity Mortgage from title to the Property and any associated administration fees or otherwise connected therewith (the "Additional Costs")**.
- (b) **"Shared Equity Amount"** means a share of the difference in (a) the Market Value of the Property on the repayment date, and (b) the Original Home Value. The Program Administrator's share will depend on the original share of the purchase price advanced to the Homeowner (i.e. the share will be 5% if the Incentive was based on 5% of the Original Home Value at the Date of Advance, or the share will be 10% if the Incentive was based on 10% of the Date of Advance).
- (c) Repayment is based on the Property's Market Value.
- (d) **"Original Home Value"** is the lesser of the purchase price, and the fair market value of the Property, as determined by the mortgage loan insurer. If improvements will be made to the Property immediately after the purchase then the value of those improvements will be included when determining the "Original Home Value".
- (e) The **"Market Value"** of the Property will be the selling price of the Property set out in an agreement of purchase and sale between the Homeowner and a third party who is at arm's length to the Homeowner within the meaning of the *Income Tax Act*, or the market value of the Property as determined by the Program Administrator (i.e. by way of an appraisal).

ANNUAL PERCENTAGE RATE (APR)

Annual Percentage Rate (APR) is the annual cost of a loan, expressed as a percentage. Although the Incentive is interest free, because the Homeowner will have to pay more (or less) than the Incentive back to the Program Administrator if the Original Home Value increases (or decreases), the APR calculations below are meant to illustrate how much it will cost a Homeowner to agree to the terms of the Incentive and the Shared Equity Mortgage, expressed as an annual rate. The APR will vary based on the size of the "Shared Equity Amount" and the applicable fees as well as, the length of time the Homeowner has owned the home prior to repayment.

In the examples below it is assumed that total fees incurred for purposes of calculating the APR are \$625 (assuming the discharge fee of \$150, a Provincial land registration discharge fee of \$75 as well as an estimated appraisal fee of \$400). However, the actual fees payable for any particular borrower may be larger or smaller than this amount.

Scenario 1: Increase in Market Value - Resale Home Purchase (5% share) - Amount owed when Property sold after 5 years:

| | |
|---|------------------------|
| Original Home Value | \$400,000 |
| Incentive (\$400,000 x 5%) | \$20,000 |
| Assumed Market Value at sale of the Property | \$480,000 |
| Shared Equity Amount (\$480,000 - \$400,000) x 5% | \$4,000 |
| <u>Amount to repay to the Program Administrator</u> <u>(Incentive PLUS Shared Equity Amount)</u> | <u>\$24,000</u> |

¹ The examples are meant to illustrate possible outcomes depending on various assumptions on the appreciation or depreciation in house prices over time. Changes over time in the value of individual homes subject to this program can be influenced by many factors and could differ from the examples shown.

| | |
|---|---------|
| (plus any Additional Costs due at the time of repayment) | |
| Cost of Borrowing | \$4,625 |
| Shared Equity Amount (\$4,000) + estimated fees (\$625) | |
| APR | 4.63% |
| (assuming the Property is sold after 5 years) | |

Scenario 2: Increase in Market Value - New Construction Purchase (10% share) - Amount owed when Property sold after 5 years:

| | |
|--|------------------------|
| Original Home Value | \$400,000 |
| Incentive (\$400,000 x 10%) | \$40,000 |
| Assumed Market Value at sale of the Property | \$480,000 |
| Shared Equity Amount (\$480,000 - \$400,000) x 10% | \$8,000 |
| <u>Amount to repay to the Program Administrator</u> <u>(Incentive PLUS Shared Equity Amount)</u> (plus any Additional Costs due at the time of repayment) | <u>\$48,000</u> |
| Cost of Borrowing | \$8,625 |
| Shared Equity Amount (\$8,000) + estimated fees (\$625) | |
| APR | 4.31% |
| (assuming the Property is sold after 5 years) | |

Scenario 3: Decrease in Market Value – Resale Home Purchase (5% share) - Amount owed when Property sold after 5 years:

| | |
|--|------------------------|
| Original Home Value | \$400,000 |
| Incentive (\$400,000 x 5%) | \$20,000 |
| Assumed Market Value at sale of the Property | \$330,000 |
| Shared Equity Amount (\$330,000 - \$400,000) x 5% | - \$3,500 |
| <u>Amount to repay to the Program Administrator</u> <u>(Incentive PLUS Shared Equity Amount)</u> (plus any Additional Costs due at the time of repayment) | <u>\$16,500</u> |
| Cost of Borrowing | - \$2,875 |
| Shared Equity Amount (-\$3,500) + estimated fees (\$625) | |
| APR | - 2.88% |
| (assuming the Property is sold after 5 years) | |

Scenario 4: Decrease in Market Value – New Construction Purchase (10% share) - Amount owed when Property sold after 5 years:

| | |
|---------------------|-----------|
| Original Home Value | \$400,000 |
|---------------------|-----------|

| | |
|--|------------------------|
| Incentive (\$400,000 x 10%) | \$40,000 |
| Assumed Market Value at sale of the Property | \$330,000 |
| Shared Equity Amount (\$330,000- \$400,000) x 10% | - \$7,000 |
| <u>Amount to repay to the Program Administrator</u> <u>(Incentive PLUS Shared Equity Amount)</u> (plus any Additional Costs due at the time of repayment) | <u>\$33,000</u> |
| Cost of Borrowing Shared Equity Amount (-\$7,000) + estimated fees (\$625) | - \$6,375 |
| APR (assuming the Property is sold after 5 years) | - 3.19% |

Scenario 5: Significant increase in Market Value over short period of time resulting in higher APR – Resale Home Purchase (5% share) - Shared Equity Amount owed when Property sold after only 2 years:

| | |
|--|------------------------|
| Original Home Value | \$400,000 |
| Incentive (\$400,000 x 5%) | \$20,000 |
| Assumed Market Value at sale of the Property | \$520,000 |
| Shared Equity Amount (\$520,000 - \$400,000) x 5% | \$6,000 |
| <u>Amount to repay to the Program Administrator</u> <u>(Incentive PLUS Shared Equity Amount)</u> (plus any Additional Costs due at the time of repayment) | <u>\$26,000</u> |
| Cost of Borrowing Shared Equity Amount (\$6,000) + estimated fees (\$625) | \$6,625 |
| APR (assuming the Property is sold after 2 years) | 16.56% |

If we assume that the Homeowner in Scenario 5 did not sell their Property until 5 years after purchase and sold it for the same amount of \$520,000, the amount to be repaid to the Program Administrator would still be \$26,000 (plus applicable fees of \$625) and the cost of borrowing would still be \$6,625, but the APR would fall to 6.63%.

****These examples assume that the Homeowner is in good standing under this Agreement and the Shared Equity Mortgage and that any costs owing by the Homeowner to the Program Administrator have been paid to date.**

GUARANTEE

Reference is made to the above agreement for a shared equity mortgage and borrowing disclosure statement (the "**Agreement**") between the Homeowner and the Program Administrator. Capitalized terms used in this Guarantee and not otherwise defined shall have the meanings given to them in the Agreement.

The undersigned (collectively and individually, the "**Guarantor**") unconditionally, solidarily and irrevocably guarantees to the Program Administrator full and prompt payment and satisfaction when due, whether at stated maturity, by required payment, by acceleration, declaration, demand or otherwise, and at all times following when due, of all debts, liabilities and obligations of the Homeowner to the Program Administrator arising from and in respect of the Agreement (collectively, the "**Guaranteed Indebtedness**"). The Guarantor's liability under this Guarantee is unlimited.

The Guarantor must make payments to the Program Administrator of the amount of the liability of the Guarantor for the Guaranteed Indebtedness immediately after demand to do so is made in writing.

The obligations of the Guarantor under this Guarantee are unconditional and absolute and, without limiting the generality of the foregoing, will not be released, discharged, limited or otherwise affected by (and the Guarantor waives, to the fullest extent permitted by applicable law): (1) any termination, invalidity, unenforceability or release by the Program Administrator of any of its rights against the Homeowner or against any other Person or of the Agreement; (2) any increase, reduction, renewal, extension, substitution or other change in, or discontinuance of, the terms relating to the Guaranteed Indebtedness; (3) any change in the financial condition of the Guarantor or the Homeowner, including insolvency and bankruptcy; (4) the benefit of any law which provides that the obligation of a guarantor must not be larger in amount or in other respects more burdensome than that of the principal obligation or which reduces a guarantor's obligation in proportion to the principal obligation; (5) any defence arising from the invalidity, illegality or lack of enforceability of the Guaranteed Indebtedness or any part of it, or of any security or guarantee relating to the Guaranteed Indebtedness, or because of any incapacity, lack of authority, or other defence of the Homeowner, or because of any limitation, postponement, prohibition, subordination or other restriction on the Program Administrator's right to payment of the Guaranteed Indebtedness or any part of it; (6) any defence arising from any failure by the Program Administrator to obtain, perfect or maintain a perfected or prior, or any, security interest in or lien or encumbrance upon the Property, or because of any interest of the Program Administrator in the Property, whether as owner of the Property or as the holder of a security interest in the Property or lien or encumbrance on the Property, being invalidated, voided, declared fraudulent or preferential or otherwise set aside, or because of any impairment by the Program Administrator of any right to recourse or collateral; or (7) any other act or omission to act or delay of any kind by the Homeowner or the Program Administrator, or any other circumstance, whether similar or dissimilar to the foregoing, which might, but for the provisions of this Section, constitute a legal or equitable discharge, limitation or reduction of the Guarantor's obligations under this Guarantee, other than the payment or extinguishment in full of all of the Guaranteed Indebtedness and the termination of the Incentive. The Guarantor waives the benefit of division and discussion.

The Program Administrator may grant extensions of time or other indulgences, take and give up securities, accept compositions, grant releases and discharges and otherwise deal with the Homeowner without prejudice to, or in any way limiting or lessening, the liability of the Guarantor under this Guarantee.

The Program Administrator is not bound to exhaust its recourse against the Homeowner or under any security before being entitled to payment from the Guarantor under this Guarantee.

Any amount of Guaranteed Indebtedness which may not be recoverable from the Guarantor by the Program Administrator under this Guarantee on the basis of a guarantee will be recoverable by the Program Administrator from the Guarantor as principal debtor of that amount, and that amount will be paid to the Program Administrator immediately after demand for that amount as provided in this Guarantee.

This Guarantee is a continuing, absolute, unconditional, solidarily and irrevocable guarantee of all of the Guaranteed Indebtedness, will apply to all of the Guaranteed Indebtedness, and will remain in full force and effect until all of the Guaranteed Indebtedness has been paid in full. This Guarantee will not be considered as wholly or partially satisfied by the payment or liquidation at any time of any sum of money for the time being due or remaining unpaid to the Program Administrator.

This Guarantee binds the Guarantor jointly and severally with the Homeowner and with any other person liable for the payment of the amounts owed by the Homeowner to the Program Administrator. This guarantee is in addition to and not in substitution for any other security or guarantee which the Program Administrator now or hereafter holds. The Guarantor may not exercise any recourses resulting in a subrogation to the rights of the Program Administrator until the Program Administrator has received payment in full of the Guaranteed Indebtedness. To the extent permitted by law, the Guarantor hereby postpones and subordinates any right it may have against the Homeowner following payment by the Guarantor under this Guarantee, until such time as the Program Administrator has received payment in full of the Guaranteed Indebtedness. This Agreement is governed by the federal laws of Canada and applicable laws of the jurisdiction where the Property is located.

The Guarantor acknowledges having read the Agreement prior to signing and understands the scope of this Guarantee. The Guarantor further acknowledges having the opportunity to obtain independent legal advice on the consequences of this Guarantee.

The Guarantor has agreed that this Agreement and all documents related thereto will be drafted in the English language. La caution a convenu que cette convention et tous les documents qui s'y rapportent soient rédigés en langue anglaise.
